WELCOME!

As COO for New Day for Children, I want to say hello and thank you for choosing to partner with us. The whole team is honored to be in ministry and on mission with you as we bring real hope and healing to America's sex trafficked children! Every day, your prayers and your support make this mission a reality, forever changing the lives of children.

We know that American kids are being sexually exploited at an ever increasing rate. [Polaris](#) reports that **human trafficking has increased up to 40%** during the Coronavirus pandemic. But, when passionate people band together, we can do something about it! Because together, we are a bright light and a powerful force against this evil.

Since 2009, New Day for Children (NDC) has provided: safe and loving housing, education, therapy, and life skills development for 122 American children recovered from sex trafficking.

The light shines in the darkness,
and the darkness has not
overcome it. John 1:5

There's lots more information about the work we do and how you can be a part of it in the pages to come. Please feel free to reach out with any questions and I look forward to getting to know you better.

Warmly,

Phil Wood

Chief Operating Officer

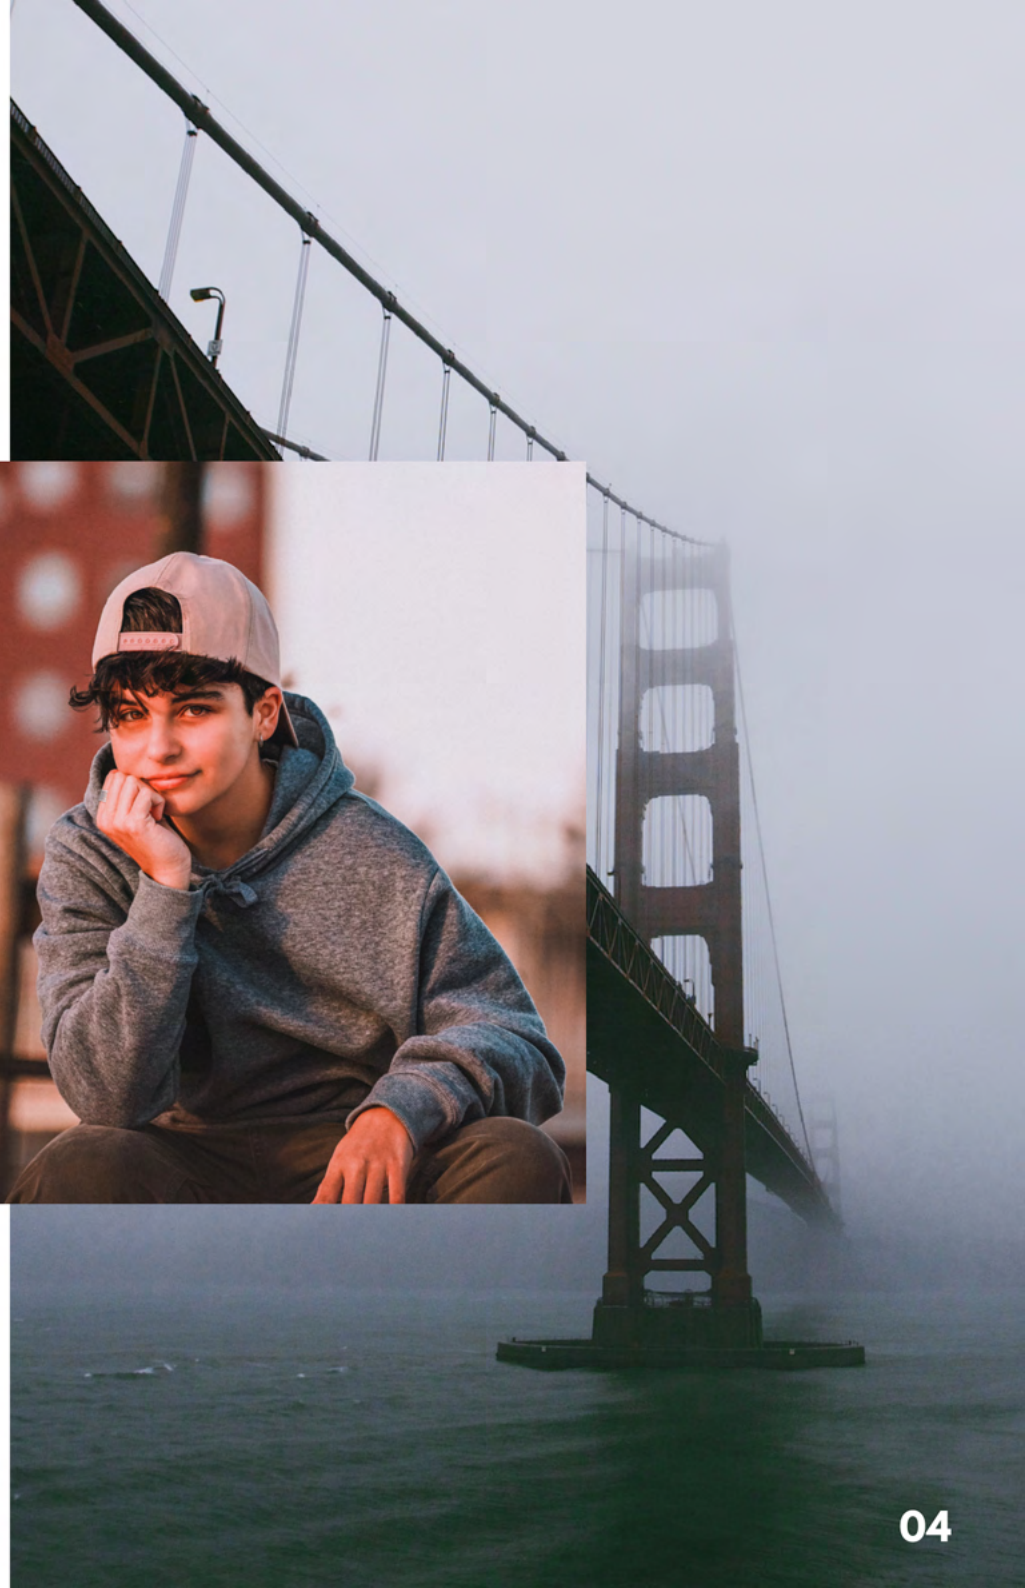

OUR STORY

There are moments in life, when you see something so profoundly wrong and evil, that you have no choice but to act. That's how New Day for Children began. After meeting with law enforcement, and learning about the growing problem of child sex trafficking in the San Francisco Bay Area, our founder Jon Blankmeyer, and many other talented people, were asked to create a residential and educational haven for children seeking a way out of sexual exploitation. In 2009, the dream of New Day for Children became a reality. Providing Hope and Healing to America's recovered sex trafficked kids.

Today, New Day for Children is a nationally recognized faith-based 501-(c)3, working collaboratively with partner programs for commercially sexually exploited children. These programs are located in California, Colorado, Texas and Louisiana. New Day is 100% privately funded by individuals, our faith communities, businesses, and civic groups. Each doing their part to provide these kids long-term safe housing, school tuition and tutoring, therapy, equine therapy, medical, dental and vision care, and other essential needs.

As New Day expands our reach, it is important that we continue to grow in knowledge and understanding, this is a strong core value for us. We want to ensure that we provide the most effective therapies, education, and other services, to

empower the kids to dream and look forward to a bright future. To counsel us, we hired New Day alumni to serve on our advisory team - no one knows better what recovered kids need than young adults who've experienced trafficking and time in one of our partner programs! We've also seen over the years that parents can be left behind on this journey of Hope and Healing. Today, we're working with our advisory team and partner programs to invest in parents and families so they too can heal from the trauma of sex trafficking.

*Deliver me, my God,
from the hand of
the wicked, from
the grasp of those
who are evil and
cruel.*

Psalms 71:4

OUR PURPOSE

Hope and Healing for America's sex trafficked kids...because every child deserves a childhood.

Childhood should be a time of innocence, exploration, and discovery - free from worry and harm.

Kids who endured horrific abuse through sexual exploitation, had their childhood stolen. Their world tragically, and violently flipped upside down. At New Day, our purpose is to give the gift of real Hope, and lasting Healing, to American minor children who have been recovered from sex trafficking. Together, we provide: a safe and loving environment far away from their abusers, trauma based therapy, equine therapy, and all the time they need to heal. Through God's grace, generous gifts from our donors, the loving care of residential partner teams, therapists, teachers and tutors - the kids we support find Hope and Healing.

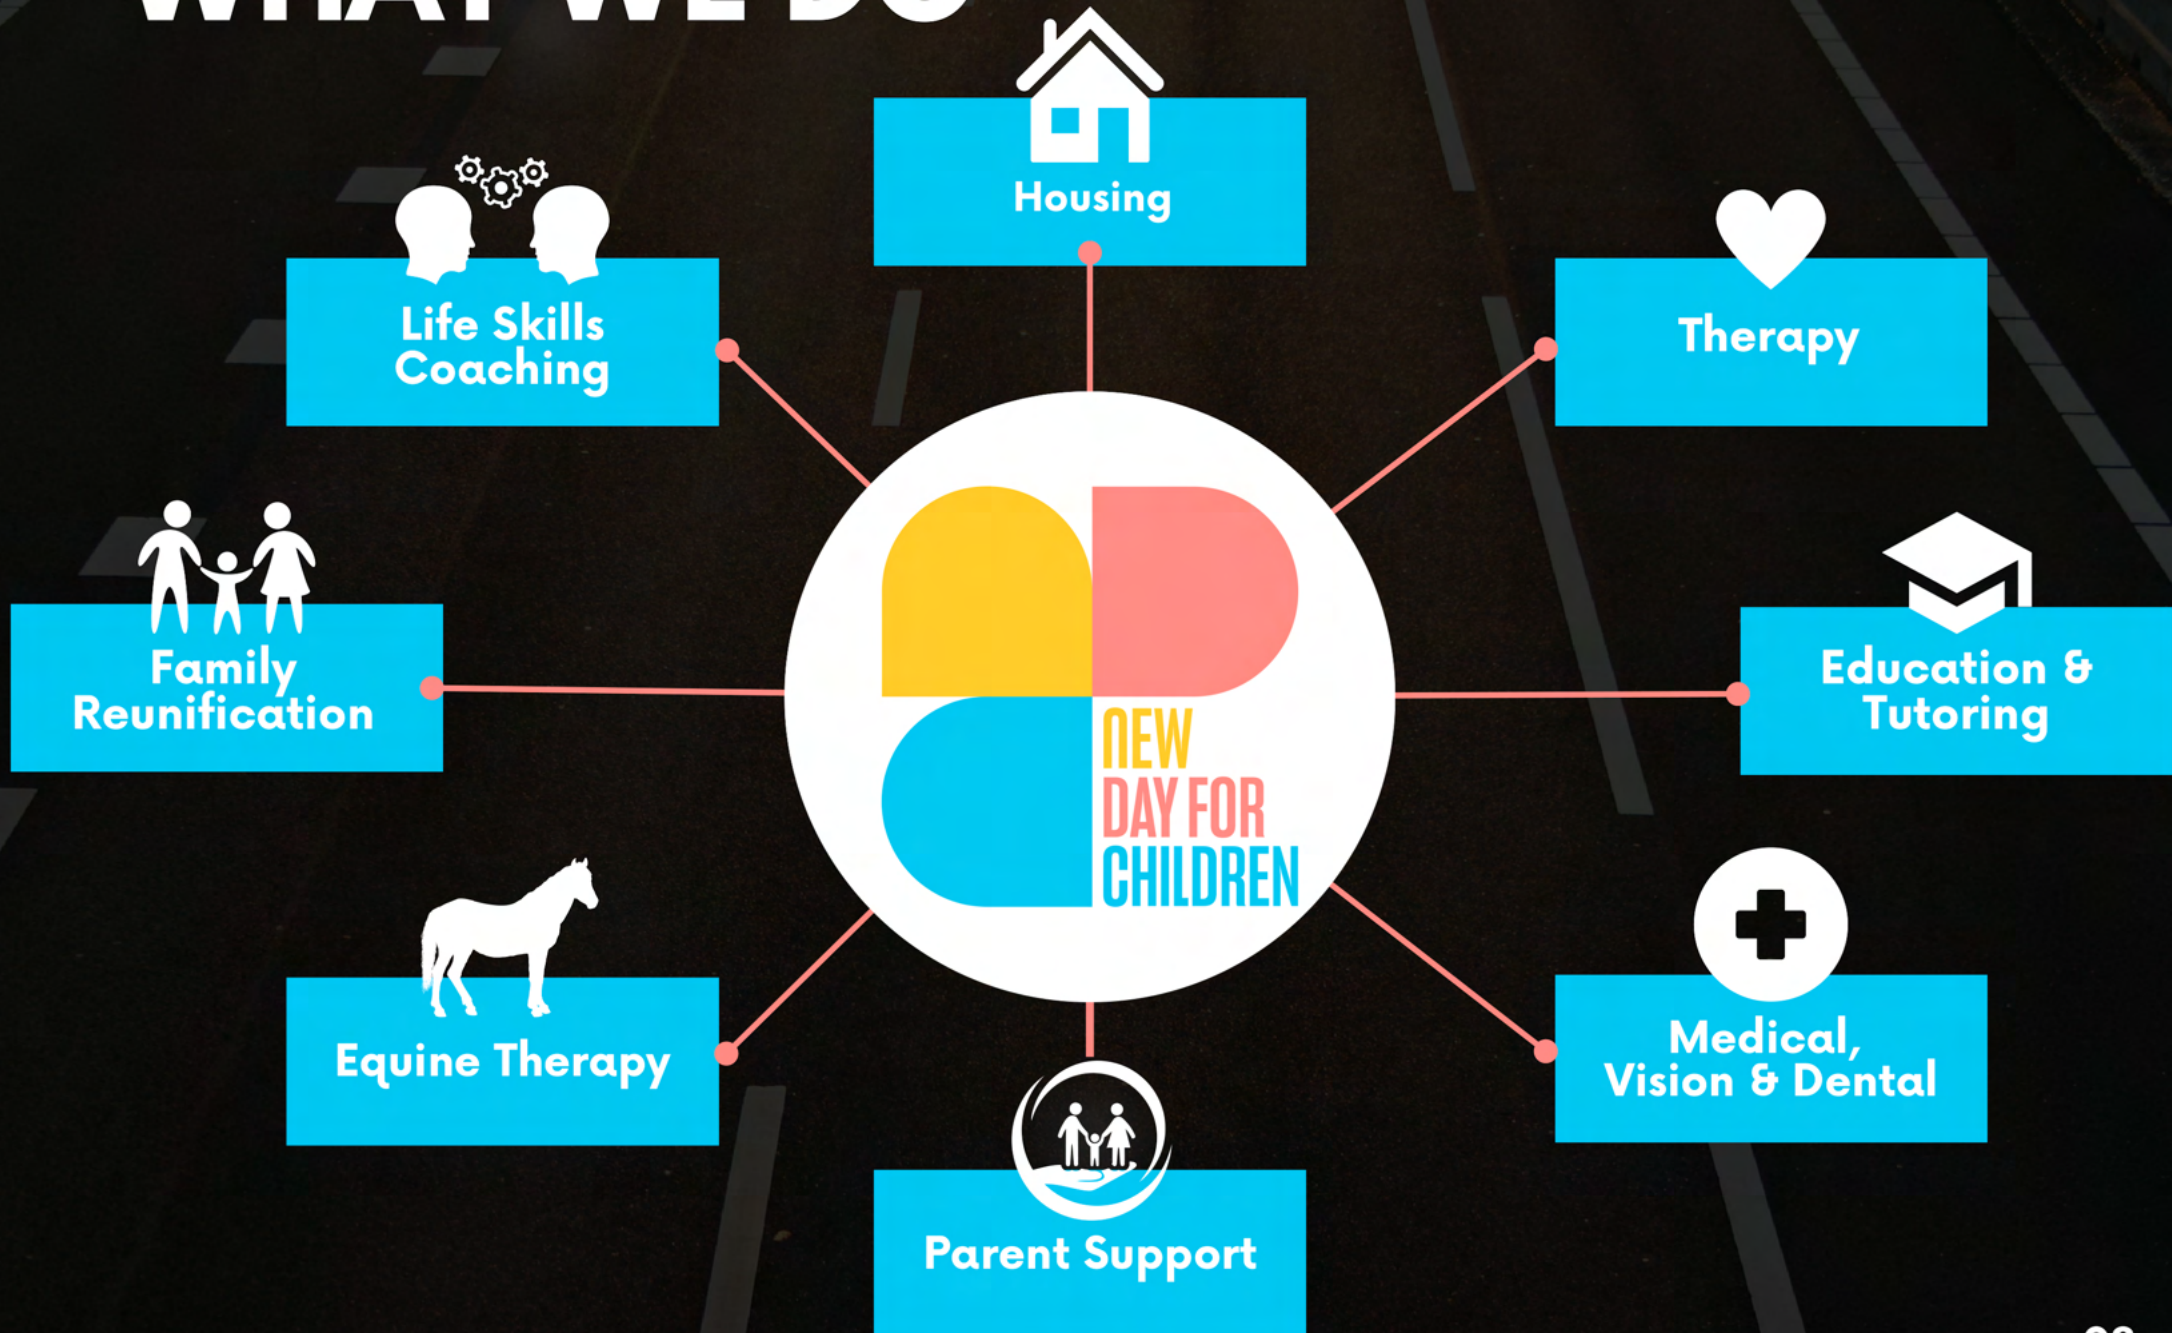

OUR MISSION

Providing a pathway to transformation through restorative care.

New Day for Children is committed to the kids we serve on their journey to Hope and Healing. Walking this path with us are faithful donors, prayer warriors, loving partner homes, talented therapists, educators, and team members. Each of us doing our part as we journey the path of Hope and Healing with those we serve. Along the way, we take great joy and celebrate the kids as they reach goals, both academic and personal, such as high school graduation, entering college, the workplace, or life skills development programs. There is high demand for the support New Day provides, as families of young trafficking victims are most often left to fend for themselves.

WHAT WE DO

FOUR ESSENTIAL PILLARS FOR HOPE AND HEALING

HOUSING

is the first and most urgent pillar. It is essential to remove kids from harm's way. NDC is partnered with restorative care placement programs across the United States of America. All with trained staff who give kids the time and place to heal from their trauma. NDC assists children and their families in making the decision to go to placement. We connect the family to the best CSEC program for their child's specific needs.

THERAPY

is a vital tool that equips our kids with the skills and tools they need to work through their trauma. NDC provides, board certified therapists, who are trained in effective therapeutic practices to help children and youth who have suffered severe abuse. Because the need to deal with trauma does not end when kids graduate from their program, NDC is able to support therapy when they return home. NDC also provides equine therapy through a longtime partner.

THEY RISE IN THE DARKNESS

PSALM 112:4

EDUCATION

School, tutoring & job training programs play a crucial role in healing the whole child. NDC has amazing tutors who give kids the scholastic tools they need in order to succeed. We understand that college may not be for everyone, so we help provide a path for alternative career choices that don't include college as well. The power of learning allows kids to see themselves differently and helps them dream of opportunities and a new life.

LIFE SKILLS

Our life coach, AKA Momtor - part mom, part mentor - assists alumni after they return home. She helps them to identify their goals, create a plan, and a timetable to achieve their dreams. She walks with them as they pursue these new goals for their future. Whether these are career choices, academic, spiritual, relational, financial, getting a driver's license, or even wedding planning! The path to their growth and transformation continues!

WHAT WE BELIEVE

Our Faith

We are followers of Jesus Christ and exist to live out the Biblical mandate to care for God's children. *Deliver me, my God, from the hand of the wicked, from the grasp of those who are evil and cruel. Psalm 71:4*

Survivors

We hold in high esteem the life experience, wisdom and input from New Day for Children alumni. We do our best to implement their strong voices in our work, as they better and strengthen our ministry!

Our Heart

We do our best work when it's done with a strong sense of purpose and passion to provide a path to Hope and Healing for kids. We find love and joy in unexpected places, and understand the essential role our faith plays in providing hope in our work.

Children

We believe that ALL children deserve a childhood, regardless of their religion, race or socio-economic status. We work to ensure we never re-exploit the kids and survivors we serve.

Our Team

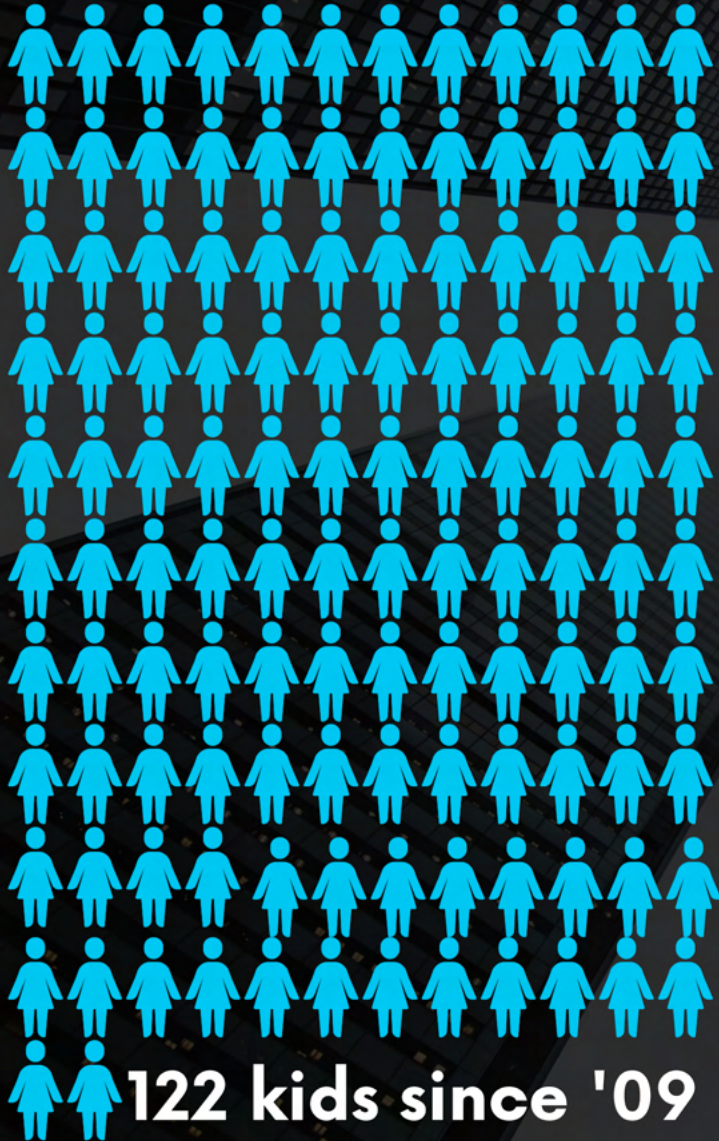

We value the transformative impact of collaboration. We deeply care about each other's lives and wellbeing. We work together to create and live out a vision that is bigger and brighter than we could alone.

Stewardship

We take seriously the resources placed in our hands through the generosity of others. We value the impact of both the gift, and the gift-giver. We are transparent and work in such a way as to be above reproach.

IMPACT 2022

4,450 days
housing

2,340 hours

811 hours
tutoring

13,352
served meals

JOIN US

Victims of commercial sexual exploitation suffer severe trauma, but this is NOT the end of their story! Working with our partners, New Day provides a comprehensive program of various therapies, education, growth experiences, service opportunities and fun! New Day is 100% privately funded by organizations and individuals like you who want to bring Hope and Healing. Together, we give the gift of a New Day and a bright future.

Host an event

Do what you love and raise funds for New Day! Host a pancake breakfast, music recital, car wash, or walk-a-thon. It all comes together to make a difference in the life of a child.

Invite Us

We welcome the opportunity to share the mission of NDC. Invite us to a gathering with your friends, work place or civic group and we'll make it happen!

Volunteer

Got skills? Share your professional services, help with mailers, donate items or fun experiences for our auction.

Sponsor

Proudly display your name or business as a sponsor for a New Day event, or offer a matching gift to inspire others to give!
